EXPERIENCE GUIDE

monQ<sup>®</sup> R

## How to use:

1. Remove the diffuser battery from the charging slot. A Blend POD will be attached.
2. Breathe in gently from the Blend POD. The LED light on the rechargeable diffuser battery will illuminate to indicate that the oils are flowing. If it does not illuminate, it's time for a recharge.
3. The additional two slots in the case are designed to store extra Blend PODs.
4. To change the Blend POD, untwist from the diffuser battery, and replace it with your POD of choice.
5. Properly dispose of empty Blend PODs out of the reach of children and pets.

## Charging the FlipCase:

1. Using the included charging cable, insert the micro-USB plug into the port on the bottom of the FlipCase and insert the USB-A plug into a compatible power source.
2. The indicator light on the bottom of the FlipCase will illuminate while charging and will shut off when fully charged. Disconnect the USB charging cable when fully charged.

## Charging the Diffuser Battery:

1. Insert the battery with attached Blend POD into the charging slot of the FlipCase. The MONQ logo will slide into the slot first. A solid light will illuminate to indicate that the battery is charging. No light indicates a fully charged battery.
2. Return the diffuser battery to the case charging slot after use to keep it fully charged and ready to use.

**Note:** The battery and FlipCase cannot both be charged at the same time.

## Caution statements:

- MONQ R and all components of the device should be kept out of the reach of children.
- MONQ R is not user-serviceable. Attempting to open, service, or repair the components of the MONQ R may result in injury.
- Store in a cool, dry, well-ventilated space. Do not use, store, or charge items in or near heat sources, such as radiators, stoves, or fires. High temperatures may cause battery fluid leakage, thermal burns, battery explosion, or fire.
- Do not use any MONQ R components with any other manufacturers' devices or products. MONQ R devices should be used with compatible MONQ products only.
- To reduce the risk of injury, do not use the MONQ R if it becomes wet or immersed in liquid, appears damaged or broken, has been exposed to excessive heat, is operating in an erratic manner, or is unusually hot to the touch.
- Do not use the product while charging.
- Discard the lithium-ion battery by recycling it or in accordance with state and local requirements. Do not dispose of it in a fire, as doing so may cause injury.
